ISO 9002

Style : **SPORTY S3CI**
 Sizes : **37 to 48 / 4 to 13**
 Description : Shoe with black water-resistant full-grain leather

UPPER specifications:

Leather: Water-resistant full-grain leather
 2.2mm thick
 Tongue: Water-resistant full-grain leather
 sewn-in tongue
 Vamp lining: Polyester and polypropylene
 synthetic fibre
 Quarter lining: Cambrelle®
 Heel stiffener: Synderme
 Fastening: Eyelet and lacing strip
 Laces: Polyamide, resistant to abrasion
 (> 15000 frictions under 250g
 according to norm DIN4843)

FITTING specifications:

Last: Wide fitting, according to
 Natur'Form concept
 Toe cap: Wide ABG toe cap, 200 joules
 according to norm EN 345-1

SOLE specifications:

Construction: California.
 Insole: Antistatic Texon 2.0mm thick
 Arch support: Polyethylene anatomic insock with
 integrated arch support
 Sole: Dual-density polyurethane
 • midsole density: 0,50
 • outsole density: 1,00
 Anti-perforation midsole: stainless steel

Advantages:

- Water-resistant full-grain leather
- Cambrelle® and foam lined and for more comfort
- Insulated against cold (CI)
- Light weight shoe with a modern design
- Excellent comfort even in extreme flexing conditions
- Sole with Parabolic profile®: the concave structure of allows a progressive deformation of the sole in order to optimize the grip to industrial floors
- Exceptional slip resistance: the footprint adapts itself to the nature of the ground due to the profile of the sole
- Slip resistance coefficient : 0.18
- Spring effect: gives a more dynamic walk
- Sizes: 37 - 48 / 4 - 13

Protection:

- According to norms EN 344-1 and EN 345-1
- Toe cap: 200 joules
- Anti-perforation midsole: 1250 N

Weight:

- 555g per foot
- 19.6oz per foot

Norms: This product has been subjected to CE type approval tests made by a certified body according to norms EN 344-1 and EN 345-1

CE certificate N°: Pending

CE markings (on tongue): Size, manufacturer's identification, identification of model, month and year of manufacture, reference of European norm, identification of the model, type of protection, CE mark
