75% polyester with bamboo charcoal/17% polyamide/8% elastane 160 g/m²

Single jersey fabric. Yams made of natural charcoal/bamboo achieve their unique characteristics through a special manufacturing process. During this process, the bamboo is burned in stages and the derived product is then blended into the natural coloured yam. Therefore, the colour tone may vary from time to time.

Industrial care category C2

Certifications

- The material is made with burnt bamboo which makes the product insulating, moisture wicking and anti-bacterial.
- Elastic fabric that fits the body's curves.
- Quick drying important to avoid cooling of the body.
- Fits both men and women thanks to its elasticity.
