

# Tigmaster™

## A comfortable light duty welding glove

Tigmaster™ is a welding gauntlet fully compliant with European standard EN12477 for Type B welding and EN407 for thermal hazards. Consisting of sheepskin and heavy duty leather, the Tigmaster™ has been specifically designed for Type B welding (Tig welding) and light mechanical handling. The glove area is made of high quality sheepskin that is extremely soft and comfortable. This is complimented with a heavy duty leather cuff, providing extra protection to the forearm. It is available in medium and large sizes, with the large size providing extra length in the cuff.

### Typically used for:

- Light Duty Thermal Applications
- Light Duty Welding Applications
- Automotive Manufacturing

### Case Quantity:

1 pair per polybag  
100 pairs per case
